PROFESSIONAL SUMMARY

Computer Science undergraduate (B.Tech, 2029) seeking a Java Backend Internship. Hands-on experience building backend systems with Java and Spring Boot, plus RAG pipelines and AI chatbots. Strong foundation in Data Structures & Algorithms and Object-Oriented Programming, with active open-source and developer-community contributions.

EDUCATION

Pimpri Chinchwad University, Pune, India
B.Tech, Computer Science & Engineering | 2025 – 2029 (Expected) | CGPA: 7.71/10 (Year 1)

TECHNICAL SKILLS

- **Languages & Core CS:** Java, C, C++, Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS
- **Backend & Web:** Spring Boot, JWT (JSON Web Token) Authentication, HTML, CSS
- **Databases:** MySQL
- **Tools & DevOps:** Git, GitHub, Docker, Firebase, VS Code
- **AI & Automation:** Generative AI, Vibe Coding, N8N, Claude Code

PROJECTS

SANCHAY — AI-Powered Resource Optimization Platform | Java, Spring Boot, MySQL, JWT

- Built a centralized resource optimization platform using Java, Spring Boot, and MySQL, integrating electricity, water, workforce, machine, and maintenance data in one system.
- Implemented real-time monitoring, anomaly detection, and predictive insights to generate actionable recommendations that reduce resource wastage and improve operational efficiency.
- Secured user access with JWT (JSON Web Token) authentication.

SANJEEV — AI-Powered Rural Business Companion | Java, JWT, APIs, Docker

- Developed an AI-powered platform using Java and APIs for rural entrepreneurs to analyze local markets and identify business opportunities.
- Built features to estimate financial requirements and recommend government support schemes, delivering data-driven growth insights through a responsive, multilingual interface.
- Implemented JWT authentication to secure user access and containerized the application using Docker.

COMMUNITY EXPERIENCE

Technical Team / Community Volunteer | GDG, AWS Community Pune, PCU Technical Team

- Collaborated with GDG, AWS Community, and PCU technical teams to support and coordinate technical events, workshops, and hackathons.
- About 2 years of involvement in volunteering, event coordination, and developer community activities.

ACHIEVEMENTS

- Top 50 Team — Smart India Hackathon (SIH) Internal Hackathon 2026, Pimpri Chinchwad University.
- Team Lead — Kharagpur Data Science Hackathon (KDSH) 2025, IIT Kharagpur.
- Participated in Google Cloud GenAI Exchange Hackathon 2025.
- Microsoft Learn Student Ambassador (MLSA) — PCU Chapter; Google Student Ambassador (GSA).

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate — Oracle (Sept 2025), Credential ID: 102790258OCI25AICFA

EVENTS ATTENDED

- AWS Event 2025 — MIT ADT University, Pune: explored cloud architecture and AWS services.
- DevFest Pune 2025 — engaged with industry leaders on entrepreneurship and tech innovation.
